

MARCUS & BYTE STUDIOS

Stop, Think, Check!

A printable AI safety activity kit for ages 5-9

Color, circle, talk, and play with a trusted grown-up.

Meet the three smart steps

STOP

Pause before you type or tap.

THINK

Is it safe, kind, and helpful?

CHECK

Ask a grown-up and check important answers.

Say it three times:

STOP! THINK! CHECK!

Draw Marcus and Byte using the three smart steps:

My name: _____ Date: _____

Safe to Share or Keep It Private?

Circle **SAFE** or **PRIVATE**. Then tell a grown-up why.

QUESTION	CIRCLE ONE
Your favorite color	SAFE / PRIVATE
Your home address	SAFE / PRIVATE
A silly name for a pretend planet	SAFE / PRIVATE
Your password	SAFE / PRIVATE
A made-up superhero power	SAFE / PRIVATE
The name of your school	SAFE / PRIVATE
A photo showing where you live	SAFE / PRIVATE
Three animals for a story	SAFE / PRIVATE

Grown-up check: Private information includes names, birthdays, addresses, schools, passwords, live locations, and identifying photos.

Is Byte Right?

Byte says: "Every butterfly is blue." Marcus knows AI can sometimes make a mistake. What should Marcus do?

- A. Believe it because a computer said it.
- B. Check a trusted book, teacher, grown-up, or reliable website.
- C. Tell everyone it must be true.

Circle your answer. Then draw a butterfly in any colors you choose:

Answer: B. Important answers should be checked!

Human Idea + AI Helper

AI can help with ideas. You are still the creator!

1. My own story idea:

2. An idea I could ask AI to help brainstorm:

3. My final choice and special twist:

Who made the final choice? ME! / AI

THE MARCUS & BYTE PROMISE

I will **STOP** before I share. I will **THINK** with my own brain. I will **CHECK** with a trusted grown-up.
